

# GOT - THREE-EYED RAVEN

## DARK SAISON

---

"From the darkness I watch you. All of you, all of your lives, with a thousand eyes, and one."

Who or what is the three-eyed raven?

The three-eyed raven is a recurring character in the first, third, fourth and sixth seasons of Game of Thrones. Under the guise of the three-eyed-raven, he appears in Bran Stark's vision-dreams, following his fall and injury and prompting his quest beyond the Wall and guiding him to the cave in which his real human body resides.

The Brewery Ommegang has produced a well-balanced beer that walks the line between sweet and bitter, with a bit of earthiness thrown in.

## DARK SAISON

### BREWERY OMMEGANG

COOPERSTOWN, NEW YORK

MALTS: SPECIALTY MALTS

HOPS: HALLERTAU SPALT SELECT, TETTENANG AND BRAVO

### HOW IT LOOKS

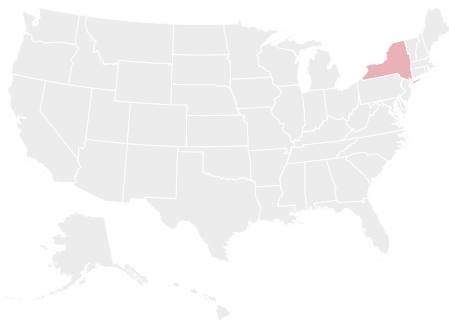

Pours a deep, dark brown with a tenacious, light tan head and lot's of gorgeous lacing.

### HOW IT SMELLS

Lots of yeasty esters on the nose with some apple and pear notes, finishing with pepper and spice.

### FOOD PAIRING

This beer pairs perfectly with a big 'ole smoked turkey leg as it complements the malt and effervescence of the beer. And eating a turkey leg seems rather appropriate with a Game of Thrones beer.

### HOW IT TASTES

A malty body with a hint of sweetness and fruity flavours of apple, pear, prune and fig with a slight hint of banana. Candy sugar comes through mid-palate with a bready backbone, some dark fruit and a slight tang and spice with herbal hops.
