2019 Central Ranges Nebbiolo

TA: 7.0g/l

pH: 3.2

Alc: 13%

Vintage: 2019

Variety: 100% Nebbiolo

Region: Hilltops

Production: 440 dozen

Vineyard: One of the oldest, distinctive and distinguished varieties of Piedmont. Nebbiolo is responsible for some of the finest wines of Italy. Light in colour, high in both acid and tannin and exhibits a haunting array of aromas including tar, leaf mould, dried cherries, violets and roses. The wines have the ability to express the subtlety of terroir. Late ripening and fussy about soils it seems to have found a home in Australia in the NSW Hilltops region

Winemakers notes: The grapes were warm fermented in traditional open vats which were hand plunged. The wine was matured in older oak barrels for 12 months prior to light fining and bottling.

Tasting notes: This wine is light purple in colour with a brick red tinge. It has aromas of roses and violets typical of this variety. The palate is balanced and has good structure with bright acid and alight but firm tannin finish

Cellaring: This wine is ready to drink now, and will cellar well for 2 to 4 years

Food Accompaniment: Slow roasted meats, ragu and soft cheese.
