

## WILD RED 2018

*Wild by name, Wild by nature.*

*Meet the audacious younger sibling of Krinklewood.*

Our Wild Red 2018 was created from three separate parcels of certified organic fruit which was blended together to create an enjoyable yet engaging red wine.

### CHARACTERISTICS

The 2018 Wild Red is vibrant garnet red in colour, displaying enticing aromas of fresh cherries and plums with violets and a light earthy spice thanks to the aged French barrels this wine is matured in.

The medium bodied palate is elegant & well balanced making it the perfect wine to enjoy with food or just on its very own.
