Winemaker's Comments

"Orange Wine" is a white wine that is made by leaving the grape skins and seeds in contact with the juice which creates an orange hue to the wine. These wines are often dry and bold with tannins and hints of sourness (think fruit beer!). The 2019 Grower's Blend Orange Wine is robust with notes of bruised apple, juniper and dried orange peel. The tannins are firm but very approachable. The finish is crisp and refreshing.

Food Pairings

Orange wines will pair very well with equally bold foods such as curry dishes, chana masala, or grilled steak and arugula salad.
